Well everybod-ay!____ Yeah, everybod-ay, ye-ah!	Well everybod-ay!____ Yeah, everybod-ay, ye-ah!
Take it up to the top May the party never stop Make it loud make it clear Let 'em know that we're here	Throw your hands in the air 'n' if you do 'n' if you dare, Turn it up, Shake it down, And the world will spin an-oth-er round

Feel the beat, Tap your feet, Now we've just begun.
Check the time, Sing the rhyme, This is how it's done.

Everyone hit the floor. Now we're really gonna get things started,
Yeah we're get-'n' things started now.

*Be the light shining bright like a superstar.
Reachin' high for the sky, Like I know ya are.
Elevate, celebrate.*

Now we're really gonna get – things – started!
